

The Tree Bank Foundation recommends using Tregator and Tregator Jr. bags to help protect your tree investment. Should you receive trees from The Tree Bank and The Apache Foundation you will be responsible for the maintenance of the trees for three years and will be required to sign a contract before receiving the trees. Tregator and Tregator Jr. bags greatly reduce the amount of work you must put in for the trees to thrive. It is an irrigation system that easily measures the amount of water needed for a young tree.

*Tregator Jr. holds 15 gallons*

*Tregator holds 20 gallons*

### Tregator Benefits:

-  Quick and easy to install - Just place, fill and walk away
-  Color blends with existing landscape
-  Fill only 1 to 2 times per week
-  Dual emitters deliver water within 5 to 8 hours
-  100% absorption eliminates water waste
-  Promotes deep root growth
-  Reduces transplant and drought shock

The Tree Bank offers Tregator bags.

15 gallon bags \$16.00\*

20 gallon bags \$23.00\*
